

Spousal Prayer

Lord, I pray for my husband's (wife's) priorities to be in perfect order. Be Lord and Ruler over his (her) heart. Help him (her) to choose a simplicity of life that will allow him (her) to have time alone with You, Lord, a place to be quiet in Your presence every day. Speak to him (her) about making Your Word, prayer, and praise a priority. Enable him (her) to place me and our children in greater prominence in his heart than career, friends, and activities.

I pray he (she) will seek You first and submit his (her) all to You, for when he (she) does I know the other pieces of his (her) life will fit together perfectly. Help me to properly put my husband (wife) before children, work, family, friends, activities, and interests. Show me what I can do right now to demonstrate to him (her) that he (she) has this position in my heart.

In Jesus' name I pray. Amen.
